ADVANCED SERVICE TRAINING*

2019 ON-PREMISES LAUNDRY SEMINAR

Expand your knowledge of UniMac® on-premises (OPL) laundry equipment at the Technical Training Seminar held at the World Training Center in Ripon, WI.

Our service training expert will demonstrate proper laundry equipment operation. In-depth discussions on installation, maintenance and diagnostic methods also will be conducted to give you a new perspective on servicing UniMac UW, UY, UC Washer-Extractors and UT Tumble Dryers OPL laundry equipment. You will learn how to read wiring diagrams, troubleshoot and diagnose electrical problems, understand and diagnose electromechanical and microprocessor controls, and learn all types of AC inverter drives used on UniMac OPL equipment. In addition, you will receive a plant tour, product manuals and a certificate of attendance.

Whether you're an experienced UniMac service technician or want to learn more about our products, these seminars will take you step-by-step through the technical aspects of laundry equipment.
